EXPERIENCE

- Event Farm** Test Drove the re-architecture of the API code base, decoupling the codebase from CakePHP 2.x, to a PHP 7 application built using Domain Driven Design based on CQS principles. The project is routed through Lumen and maintains over 85% code coverage.
- Senior Software Engineer*
Sept 2018 - Present
- Software Engineer*
Feb 2016 - Sept 2018
- Authored middleware applications for internal and external projects in languages from Golang to Node.js and PHP, all independently deployable as separate working pieces to consuming our REST API.
- Headed the custom integrations between Event Farm and Salesforce, a market leading integration between the two platforms. A PHP interface to the Salesforce Rest API was built for the integrations and has been open sourced and made available on Github.
- Created auto generating API Client Libraries (SDK's) for the Event Farm API in PHP, Typescript, Golang + Python. These libraries are dynamically generated and built on
- Digital Canvas Design LLC** Managed web servers and applications for clients, historically built and deployed LAMP/LEMP stacks bouncing between Golang, Node.js + PHP7.
- Owner, Software Developer*
Jan 2014 - Present
- Freelancer*
Aug 2008 - Dec 2013
- Deployed and secured Linux and BSD servers ranging from firewalls to web servers and NAS machines both internal and external.
- Web Services LLC** Led development of AdStat, an Ad Agency CTA/ROI Software, Analytics for TV Campaign Spending. Utilized Laravel, MySQL, MongoDB, AngularJS, Gulp.
- Full Stack Web Developer*
June 2014 - Oct 2015
- Developed web applications for local and national news stations to engage the public and generate ad revenue. By scraping government data, we built applications that ranged from Adopt-A-Pet listings to Restaurant Inspections.
- Maintained LAMP stacks on CentOS dedicated private server receiving anywhere from 10,000 to 1,000,000 daily requests.
- Ace Printing & Graphics** Designed and created graphics for banners, billboards, logos, and websites while communicating with clients to create projects from concept to finished, printed works.
- Graphic Designer*
May 2011 - Dec 2013
